Overall my experience with Sherlock Home Inspections was great! They were on time, very friendly and thorough with their inspection. They explained the process and broke everything down in plain English for me to understand. I would highly recommend them to anyone looking into purchasing a home

Rob exceeded our expectations with his knowledge and professionalism. He took the time to answer all of our questions, and since we are new to the area, we had a lot of questions! We were very impressed with the thorough inspection and would highly recommend your company to anyone who is thinking about purchasing a home.

After my initial contact with them on pricing for a drywall inspection, I knew they were the right company for the job. After meeting my inspector, he proved to confirm my thoughts. My fiancée also met the inspector for another home inspection and had nothing but good things to say about them. I hope that my realty company will be able to send more business their way as their clients should also be blessed with the presence of their wonderful business. Again, thank you very much for your kindness and knowledge and for making this experience so pleasant. I will be sure to pass your name along to all my family and friends.

I was very happy with the knowledge and professionalism. Robert is a very nice person & very thorough.

I called back to see if they could re-inspect the air conditioner that had been repaired. Rather than simply taking my money, Todd suggested a call to the company who repaired it. He also recommended that I ask about a warranty. Sure enough, they provided me with proof of the repair AND a warranty which was good enough for me AND my finance company. Good Lookin' Out Todd

THANK YOU Sherlock Home Inspections for your F-A-S-T turn-time when my buyers were up against a deadline. They were able to get their dream home because of you. Our respective clients, the seller, both real estate agents, and I were all impressed with how you jumped through hoops. You will be hearing from me again!

Sherlock Home Inspections is the most responsive inspector I have ever dealt with. Phone calls are returned quickly and I never feel as if I am imposing when I have an urgent need or question. Thanks to everyone there.

I am a realtor. I had been recommending another inspection company for years, until they were unavailable, and I needed an inspection in a hurry. I found Sherlock Home Inspections & saw what I had been missing. They really went out of their way for me and my client in so many ways. Without a doubt, I will be using Sherlock Home Inspections from now on!"

I just wanted to thank you for a job well done. I know more about the house I am about to buy than the one I've been living in for the past 5 years. You guys are AWESOME!

I offer an enthusiastic endorsement of the folks at Sherlock Home Inspections. Walking through the inspection with the inspector was truly an educational experience. I learned more about the home I was buying than I ever thought possible. Not only was the inspection comprehensive and thorough, but everything was explained in person and again in their report that was easy to understand.

Get MOVE IN CERTIFIED These guys are wonderful! My realtor swears by their pre-listing inspection, but I was hesitant. I had my house for sale for the longest time. I finally got it inspected and "Move In Certified" and had 3 offers that same week. It sold shortly after.‎ They absolutely are the best in all of southwest Florida.
